COLLIN COUNTY OUTER LOOP
SOUTHEAST (Segments 2 & 4)
from County Road 656 to the Rockwall County Line

NOTICE OF PUBLIC MEETING
Collin County Outer Loop – Southeast (Segments 2 & 4)

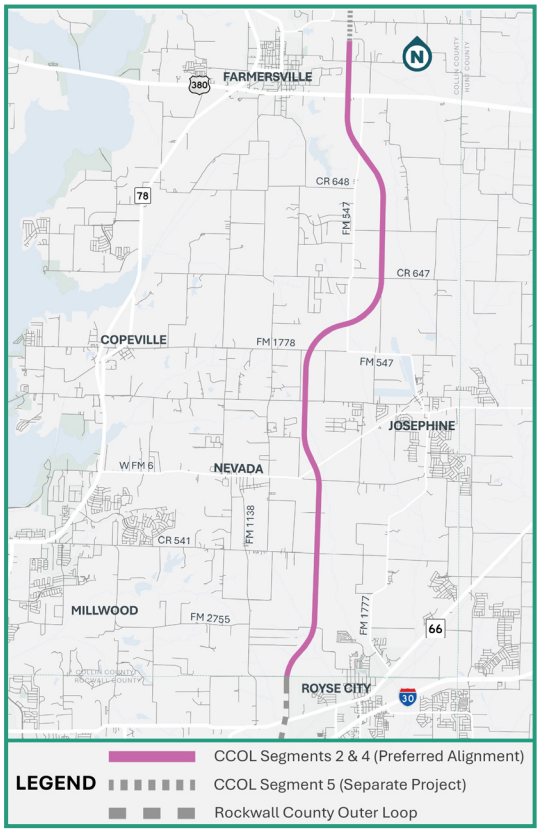

Collin County is hosting a public meeting with in-person and virtual options for the Collin County Outer Loop – Southeast project, a new location planned transportation facility extending approximately 14 miles from CR 656 in Farmersville, TX to the Rockwall/Collin County line. The purpose of the public meeting is to share the latest updates on the proposed roadway design for the preferred route, explain what the project team has learned about potential effects on nearby communities and the natural environment, and provide an opportunity for the public to ask questions and share feedback. Following the public meeting period, the Local Environmental Document is expected to be presented for consideration at a Collin County Commissioners Court public hearing in the coming months.

The same information will be available at both the in-person and virtual public meeting options. The in-person public meeting is an "open house" format where information will be on display and county representatives will be available to answer questions. The virtual option is not a live event. All public meeting materials will be posted to the project website at www.CCOL-SE.com and will consist of a pre-recorded video presentation, exhibit boards, and an interactive comment map.

IN-PERSON OPTION*
Tuesday, Oct. 27, 2026
6:00 – 8:00 PM
Leland Edge Middle School Cafeteria
620 N. FM 1138, Nevada, TX 75173
(Use parking lot and cafeteria entrance on north side of school.)
*** Open House Format**

VIRTUAL OPTION*
www.CCOL-SE.com
Tuesday, Oct. 27 – Wednesday, Nov. 11, 2026
All public meeting materials will be available on the project website from Tuesday, October 27, through Wednesday, November 11, 2026.

*** This is not a live event**

ABOUT THE STUDY

The Collin County Outer Loop is a 55-mile planned transportation facility that will ultimately extend across Collin County from the Denton/Collin County line to the Rockwall/Collin County line. This project consists of Segments 2 and 4, which connect from County Road 656 in Farmersville to the Rockwall County line, approximately 14 miles. The project addresses current and anticipated population growth in southeastern Collin County by improving north-south connectivity, reducing congestion, and enhancing safety.

The project continues to build on previous planning efforts, the evaluated alignment options, and the selection of the preferred alignment in 2025. Since that time, the roadway design has been further refined and environmental studies on the potential impacts of the project on property, planned and future developments, floodplains, and other environmental factors have been evaluated and minimized where possible.
